

Anderson County Chamber Member,

The choice for Anderson County Property Valuation Administrator (PVA) is black and white. This year's election cycle is critical to the long term success of our county. If elected, I will do more than just fulfill the day to day job requirements. If elected, I will run an efficient and effective office. If elected, I will be active in building public consensus. If elected, I will identify and implement solutions. If elected, I will provide value based leadership. If elected, I will conduct the PVA office in a professional and caring manner. If elected, I will be an advocate for Anderson County and the State of Kentucky.

Anderson County deserves a collaborative community advocate that can bridge our historic past with our developing future.

I have a clear vision for the future of Anderson County....

Anderson County is family orientated, hardworking, generous, and caring. We value our friendships. We value spending time with our family. Simply stated we enjoy giving back to those around us. We are a community with strong family values. I share these same values. I want to ensure my children, and generations thereafter, have the opportunity to share in this rich tradition.

We CANNOT stand idle and hope to retain these values without securing our economic future. Our collective public services that enhance, educate, and protect our well being, are not without a cost. As our county continues to grow, and demand additional resources, we must retain and attract families, professionals, laborers, public servants, teachers, entrepreneurs, businesses, and industries.

Job growth is central to securing our economic future. We cannot attract new jobs without a working relationship with our existing business owners and community leaders. I am proponent of structured growth, improved infrastructure, and responsive community services. I believe these elements provide a fertile environment for economic growth. The next 10 years will set the course for following 25 years. We need leadership that can draw on the wisdom of our collective past and guide our bright future.

As an active member of the Anderson County Chamber, I not only need your vote in November, but I need your commitment to the future of our county. As a local business owner, I understand the challenges and opportunities that lie ahead. I will be an advocate of the business community and humbly ask for your support and continued involvement in the development of OUR County.

In Our Future,

Gabriel H. Uebel

Candidate for Anderson County Property Valuation Administrator

Qualified, Hardworking, Knowledgeable

As a local business owner, husband, father of three, and engaged member of the Anderson County Community, I know the value of a dollar. We need a Property Value Administrator that is committed to improving services to the tax payer, local real estate professionals, and our growing tax base. With over 10 years of experience in accounting, finance, insurance, marketing, and advertising, I will provide an informed prospective in county government.

How Anderson County Tax Payers Win

- Knowledgeable, friendly staff
- Fair and Unbiased/Open/impartial Application of the Law
- Timely and fair property assessments
- Professional office environment
- Improvement to the electronic coordination of official recordings
- Improved services to realtors, appraisers, auctioneers, real estate professionals
